

Maximize research productivity

RefWorks is an easy-to-use, cloud-based reference management service supporting institutions and researchers by streamlining research and writing workflows.

Designed for students, made for the library

From data collection, organization, collaboration, and publishing, RefWorks is an intuitive solution that simplifies the research process and helps institutions maximize research productivity.

Providing RefWorks for your institution gives administrators the resources needed to improve the research experience, and students easy-to-use tools to simplify research workflows.

Strengthen your research goals with RefWorks

- **Administrative control:** Improve your institution's ROI with custom administrative controls.
- **Intuitive design:** Inspire the next generation of researchers with an intuitive experience designed for all user levels.
- **Streamlined workflows:** Equip users with the right tools for higher quality research outcomes.

Discover the RefWorks experience

RefWorks makes it easy for students and researchers to do their best work, boasting an intuitive experience designed for all user levels.

- Entirely cloud-based solution with no syncing or installation between devices
- A consistent and intuitive interface and feature set on every platform
- Easy to teach and learn, designed for all user levels
- Localization in 9 languages
- Unlimited storage
- Secure access with SSO (OpenAthens and Shibboleth)
- Dedicated 24/7 Customer support via phone, chat, or email

Administrative control

With RefWorks, administrators can better support their users with customizable controls, define institutional reference list styles, and analyze usage to improve institution's ROI.

RefWorks allows administrators to:

Maintain security and privacy through a secure admin dashboard.

Drive consistency across the institution by disseminating institutional citation styles.

Provide easy access to academic resources with integration with your institutional Link Resolver, storage applications, and third-party systems.

Better enforce institution's research policies and guidelines with managed user accounts.

Measure the ROI of subscription and usage with analytics and reporting.

Empowering the next generation of researchers

RefWorks makes it easy for faculty and students to collect, share, and collaborate with peers. A consistent and intuitive interface provides researchers the same user experience no matter where it's accessed.

With RefWorks, researchers can:

- Find, access, and capture research materials from virtually any source, including hundreds of library catalogs, Web of Science, ProQuest platforms, search databases, PubMed, Library of Congress and websites.
- Manage all data in multiple formats stored in one central workplace.
- Read, annotate, and highlight full-text individually or collaborate on group projects and edit as a team online and in real-time.
- Integrate with today's top writing tools – Google Docs and Microsoft Word.
- Generate bibliographies and authoritative citations from thousands of citation styles.

Benefits for faculty:

- Use sharing features to disseminate course materials.
- Utilize RefWorks as a visual aid when discussing student progress on research gathering.
- Use RefWorks in educational role and for other work, using projects to maintain separate reference collections.
- Integration with 3rd systems for one-click imports from Google Scholar, databases, library collections, Primo, Summon, Leganto, Web of Science, ProQuest, Ebook Central, and more.

Set your institution up for success

RefWorks is trusted by thousands of organizations and academic institutions worldwide. Learn more about how RefWorks can help improve research outcomes and empower the next generation of researchers.

About Clarivate

Clarivate is a leading global provider of transformative intelligence. We offer enriched data, insights & analytics, workflow solutions and expert services in the areas of Academia & Government, Intellectual Property and Life Sciences & Healthcare. For more information, please visit clarivate.com.
