SFX December 2021 Release

Table of Contents

Introduction
SW Changes

Highlights

Wiley KBART Automation

The KBART Automation function for Wiley was added, which allows you to automatically download your holdings from the Wiley website and activate them in SFX. Refer to the following article for more details about how to configure this:

[Using the Wiley AutoLoader for SFX](#)

New Language Options for SFX Objects

The following new language options for SFX objects were added: Armenian, Bengali, Croatian, Greenlandic/Kalaallisut, Marathi, Scottish Gaelic, and Zulu.

Applying the Revision

The following packages are released:

sfx-sw-update-4.10.18.run

sfx-extra-update-4.10.18.run

For directions on applying the revision, refer to the **SFX KB Update section** of the *SFX General User's Guide*.
