## General documentation for this release:

<https://knowledge.exlibrisgroup.com/>

<b>Summary</b>	<b>Release Notes Comments</b>	<b>Component/s</b>	<b>Key</b>
Bursar transfers fines for patrons without an IID or SSAN	Do not allow bursar fund transfer for patrons with no SSN and no Institution ID.	Bursar	VYG-6703
BULK: Fund ambiguity on import results in PO with no line items, mfhd link stuck in db	When there are no default ledger and fiscal period specified in the bulk import profile, importing a bib with an ambiguous fund code will not create a PO in the database if there are no line items created for this bib. The user can delete the MFHD for this bib if the latter had no physical items.	Bulk Import	VYG-6799
ACQ: rte 440 when editing fund on approved PO	User is now able to consistently edit the fund code of an approved line item.	Acquisitions	VYG-6758
Z39.50 connections failing from Voyager databases to Alma databases	Check for a valid typeOfRecord field before installing in MFHD MARC leader.	Z39.50	VYG-6848
OPAC, Builder search: Booleans don't work after a certain number of search terms	Increase the allowed length of search related parameters including the search argument.	Cataloging, GDC, OPAC	VYG-6977
WebV: Enum/Copy displays with location in Holdings information if also has serials check-in record	Make a correction to code that allows location checking over more than 1 MFHD.	Acquisitions, WebVoyage	VYG-7032
